New Vision in Point Source Lighting

RECESSED LUMINAIRE COLLECTION

Pin Hole (MR 16 Trim)

SPECIFICATIONS

The die cast Pin Hole trim refers to its appearance and function. The regressed Pin Hole trim offers down lighting through a 2" aperture. The lamp is non adjustable within this series (for an adjustable Pin Hole see the Picolo series). The inner premium black baffle reduces glare and absorbs lamp brightness. White Baffle is optional.

Designed for non cover glass MR16 lamp, can accommodate 1 lens accessories. Ships standard with clear glass lens.

Pin Hole trims are ideal for highlighting objects in homes, stores, museums or any hospitality application.

Order Guide

HOUSING	VOLTAGE	TYPE	FINISH	OPTION
No Housing (Max 20 Watts) ¹	120	2-180 - Pin Hole	01 - White	White Baffle
2-010-I/C (Max 50 W)	277		04 - Black	(Black baffle is standard)
