

## Mini Aurora (MR 11 Trim for Remote Transformers)

## SPECIFICATIONS

The Mini Aurora collection of trims utilizes a compact MR 11 lamp. The Mini Aurora is a high quality die cast trim in a miniature package. If you have restricted space requirements and prefer the stepped baffle look for the purpose of low lamp brightness, the Mini Aurora will suit your needs. The Mini Aurora is available with a black baffle, and offers straight down lighting only.

Designed for non cover glass MR11 lamp. Ships standard with clear glass lens. The Mini Aurora is available for **20 and 35 Watt** applications.

The Mini Aurora collection is intended to be powered by a remote 12 volt electronic Class 2 transformer.

*For Non-Insulated Ceilings only. Approved for Air Handling Plenums.*
