

Coral (MR 16 Trim)

SPECIFICATIONS

The Coral is a die cast halogen shower trim, which features a stepped drop glass diffuser. This glass design provides uniform vertical and horizontal illumination in your shower area. The Coral trim includes a silicone gasket and a sealed glass diffuser which ensures that no water will penetrate into the electrical components of the housing.

The Coral trim is wet location listed and is available with clear or frosted glass.

The Coral is rated to a maximum of 50 or 75 Watt MR16 lamps (depending on the housing).

Applications can include: showers, soffits, saunas, or any place where a wet listed trim is required.

Order Guide

HOUSING	VOLTAGE	TYPE	FINISH	GLASS
No Housing (Max 20 Watts) ¹	120	2-110 - Coral	01 - White	F - Frosted Glass
